

SHARED FUTURE OREGON SUPPORT FORM

Now is the time to support Shared Future Oregon: A Comprehensive Plan for Living + Aging to Become an Age-Friendly State! We need to work together to advance statewide goals and policies centered on aging well in communities across Oregon.

What is a Comprehensive Plan for Living + Aging?

In short, it's a cross-sector effort to create a blueprint that can be used by state government, local communities, private organizations and philanthropy to build environments that promote equitable, intergenerational outcomes for everyone to age well in Oregon.

Why now?

Our state and country are shifting demographically. Over 35% of the people living in Oregon are 50+ with an increasingly diversifying population. We have an opportunity to capture this moment to be thoughtful and act with purpose to advance statewide goals and policies centered on aging well. In fact, the numbers tell us we have a responsibility AND URGENCY to do so.

To make these goals a reality, we need you to be one of our partners! Your voice and input will strengthen this plan. Please show your support for Shared Future Oregon by completing the form below.
