ABOUT THE EVENT

Each year, the Ageless Award is given to individuals 75 years or older, who have lived their lives making significant contributions to their communities and continue to do so today. AGE+
Communities + Generations + Innovations

ABOUT AGE+

AGE+ was created to champion a new vision for successful and equitable aging for all Oregonians by empowering communities, linking generations and stimulating innovation to make longer life an opportunity, not a burden—especially for isolated and underserved older adults in rural areas.

OUR MODEL

We bring our expertise in aging to empower local communities to address challenges in serving low income older adults. This collaborative method strengthens and expands existing resources through a process of analysis and alignment, long and short term planning, and implementation, evaluation and additional resource development.

OUR PROGRAMS

- **Shared Future Oregon** - We're bringing Oregonians together to shape a Multi-Sector Plan for Aging that reflects our changing state and strengthens communities for all ages.
- **Housing and Services** - AGE+ has developed an accessible, affordable housing model and partners with rural communities to provide housing and supportive care networks for older community members.
- **Leadership Exchange on Ageism** - This series empowers leaders and executives to redefine their role in combating ageism and advancing DEI initiatives.
- **Digital Literacy** - AGE+ is partnering with statewide entities supporting digital literacy for older adults to close the digital divide and make full inclusion in society possible.
